Water Department Receives Award in Cartersville, GA

The City of Cartersville's Water Department received the 2007 Laboratory Quality Assurance Award. This was awarded by the Georgia Association of Water Professionals in the category of Municipal Wastewater five to twenty (5 to 20) MGD (million gallons per day). This is the third year, out of the past four, the Cartersville Water Department has received a Quality Assurance award, which is a great honor. This is a very prestigious award in the water industry and the City appreciates the water department laboratory personnel for bringing this honor to the city of Cartersville.

Other Laboratories competing for the honor were the City of Griffin and Columbia County Water Utility. Facilities are inspected on organization, equipment, safety, data reporting and documentation; and quality assurance and quality control.

For additional information regarding the Laboratory Quality Assurance Award, please contact Lisa Tilley at (770)387-7404.
